Since joining Kidder Mathews in June of 2019, Bob has worked tirelessly at improving and evolving our technology platform.

Bob's work at Kidder Mathews has included a myriad of activities, including upgrading local and enterprise technology, security, vetting software and hardware systems and elevating technology staff to raise the support bar.

Bob brings a wealth of knowledge from his technology career which spans over 30 years and includes stints at CBRE, Cushman & Wakefield, and a software company.

He has developed an outstanding technology team with three separate areas of focus: operations, infrastructure, and devops, in-order-to provide the best level of service, support, and stability to Kidder Mathews' users, platform, and external clients.

Bob has received numerous certifications and awards throughout his 30+ year career, including:
